

SharePoint 2016 in a Nutshell

The ambitious release of SharePoint 2016 boasts many new features to benefit your organization.

The potential of the upgrade is undeniable; however, only you can make the best decision for your company.

After taking a look at these time-and-money saving features, will you be tempted to upgrade?

1 HYBRID

Creates a “best of both worlds” scenario with many cost-saving options

Processes huge amounts of data quickly and efficiently

Seamlessly incorporates data mobility capacity using OneDrive for Business in Office 365

2 SQL SERVER 2016

Includes multiple mission-critical capabilities

Enables advanced analytics and rich visualizations on any device

Comes with comprehensive security features like Always Encrypted technology

3 SHAREPOINT SEARCH

Supports indexing of up to 500 million items per Search Server Application

Integrates search results from both Office 365 and SharePoint Server on-premises

Allows one million index items from on-premises SharePoint® farm for every 1TB of pooled storage in SharePoint Online

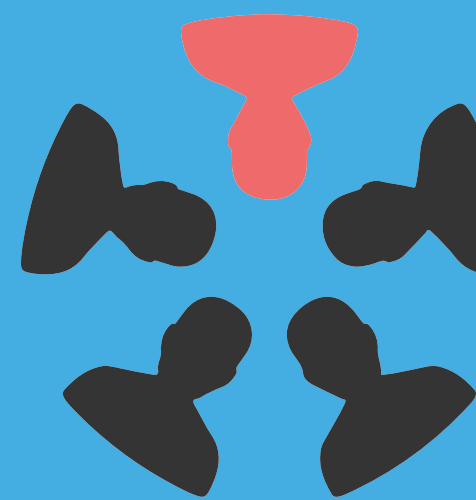

4 MINROLE

Empowers Administrators to define each server’s role in a farm topology for performance optimization

Enables SharePoint to automatically configure services on each server based on those definitions

Streamlines administrative tasks and places less emphasis on IT intervention

5 ZERO DOWNTIME

Helps your organization maintain up-to-date status on the latest software releases

Eliminates risk of compromise on service level agreements

Minimizes downtime or user disruption when fixes or updates are deployed

6 DATA LOSS PREVENTION (DLP)

Protects information in a way not previously possible in SharePoint

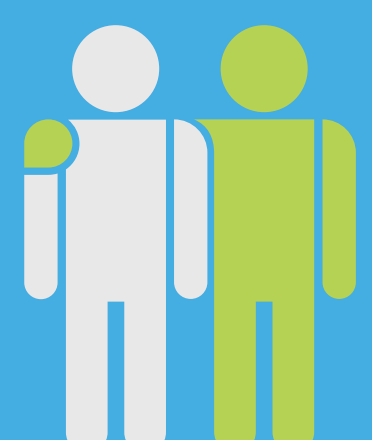

Quickly identifies any data matching specifically defined criteria

Enables the building of a DLP structure across both data and email for comprehensive data security

IS IT FOR YOU?

Is the effort and cost of the upgrade worth the potential return? The choice is yours. Of course, we are here to accompany you on your SharePoint journey, whatever you decide.
